2010 was a very exciting year for the people of Wonderville. In March, the new bridge over the river was completed. The Festival of Lights, held every year in May, was bigger and better than ever. In July, Wonderville experienced the wettest day in the town's history. During October, the new adventure playground, created especially for the children of Wonderville, was finally opened. Our fireworks display in December was a huge community event, and was enjoyed by everyone who attended.
