

Create a Quizlet for your new words and complete the tasks in your Literacy Books. (Download and save this document)

Level A

Unit 6

e sound "ee" e.g. tree	n sound "n" e.g. never	ew sound "oo" e.g. moon
w e e v en b e ing r e main r e ward	o n ly a n gle i n stant d a nger b e nefit	f l ew s t ew g r ew d r ew v i ew

a) Copy the list words out into three columns as above. Write the sound (in **bold**) in a different colour, or underline it.

b) Choose eight list words and use them in sentences. You may put more than one list word into a sentence.

c) What word is a homophone of **knew**?

d) Place the apostrophe where letters are missing in the following contractions, e.g. *could've* (*could have*). Write one of the words in a sentence.

weve (*we have*), *were* (*we are*), *well*, (*we will*), *wed* (*we would*).

e) To make the past tense of some verbs, the suffix "ed" can be added, e.g. *play* / *played*. In some cases, the word ending is changed other ways, e.g. *draw* / *drew*. Write the past tense of these words and then write each word in a sentence:

grow, **fly**, **spin**, **tell**, **say**, **spend**, **sell**, **sit**, **catch**.

f) Write these words out and circle the one that doesn't fit. Give a reason.

biscuit, **stew**, **pancake**, **grass**.

g) Rearrange the letters of **angle** to make another word.

h) Write one more word for each list above.

i) "Gr" is a blend in "grew". Write three other words with the "gr" blend.

j) Add "ing" to all the list words for which this is possible.

k) In your pads, write out the word(s) highlighted in bold in this week's **Our Loopy Language**.

l) Copy this paragraph out exactly and fill appropriate list words into the spaces.

"_____ should have known we were in _____ when we walked through the traffic," gasped Murfee breathlessly.

"Yes, we will _____ do that again," agreed Cerphi.

m) Rule up a grid 10 cms across and 10 lines down and make a word search including at least five list words. (Check the **Student Reference List** for guidance.)

OUR LOOPY LANGUAGE

The "eo" in **people** is pronounced "ee", but the "eo" in **leopard** is pronounced "e".
The "oe" in **foetus** is pronounced "ee" but the "oe" in **does** is said as "u".
